4. Organiser's Discretion

As the Organiser, SWE reserves the right to determine whether an entry should be accepted, judged, or displayed in this exhibition, without having to give a reason for any decisions.

5. First Time Competitive Entries

A first-time competitive entry is an **exhibit** (not an exhibitor) that has not been accepted at a UK National exhibition or at any other National or FIP-recognised International Exhibition during the ten years preceding the date of this exhibition.

6. Ownership and Residence

All non-literature exhibits must be the *bona fide* property of, and entered by, just one person, a married couple or civil partnership.

12. Exhibits: Introductory Page

Every competitive exhibit must have an Introductory Page as the first sheet. The object of this page is to state the aim of the exhibit and set out a plan showing how it is structured. It should not simply be a contents list.

Exhibitors will be asked to provide a PDF of their draft introductory page with their application by uploading the file online when prompted to do so during the online application procedure. The PDF file should be named in the following format:

Surname First Name First few words of the title.pdf eg: goochdeborahbexhillseaviews.pdf. Any updates of the front page must be notified to admin (exhibiting@abps.org.uk) and the title given a suffix 2 etc. eg: goochdeborahbexhillseaviews2.pdf

Thematic philately applications should also be accompanied by a copy of the plan sheet, which may be a provisional plan. This should be page 2 of your pdf file.

Literature exhibitors should provide a 2-page PDF, the first page being a scan of the front cover plus a second single A4 page with marketing details so that these can be mounted in a frame.

A **synopsis** is not a requirement but if provided it must not exceed a single A4 page. Longer synopses may not be circulated to the jury.

13. Paper and protectors

To protect your material it should be mounted on paper of at least 120 gsm. Please do not use thin paper as this tends to fall out of the frames when being mounted with the risk of damage to the material. Pages must be numbered consecutively in the front bottom right hand corner in pencil or with a removable label if preferred. and be enclosed in suitable transparent protectors. Sheets without protectors will not be exhibited or judged.

14. Sheet Size

Exhibition display frames measure 120 cm in height by 100 cm in width, 10 mm deep.

Pages are usually mounted in four rows of four. Typical widths are A4 and A3, but other combinations of sheet size may be used. For example, frames may be composed of 12 sheets of 1½ times a “standard” size, i.e. four rows of three pages. FIP recommended sizes are at www.f-i-p.ch. Pages of 30 cm in height will fit into four rows. Exhibitors wishing to use sheets of greater height must notify the Organisers when submitting their application. Where pages exceed 30 cm in height and/or typical width they will be placed in the frames at the risk and responsibility of the exhibitor. All pages must be delivered flat.

15. Photocopies and Reproductions

Where a photocopy or other reproduction is shown in an exhibit, it must be reduced or enlarged by at least 25%. Where a copy of part of a cover or stamp is shown at the actual size, it must be clearly labelled as a copy.

Exhibits composed entirely of photocopies or scans are not permitted, and will not be accepted, except in the case of non-competitive entries.

16. Feedback from the Jury

All accepted competitive exhibits will be evaluated by qualified judges and the results posted on the frames during the exhibition. Exhibitors who want to receive feedback from the jurors should reserve an appointment in advance through the exhibition secretary.

17. Liability

The Organisers, whilst not taking responsibility for any errors or misplaced items in the display, will make every effort to avoid such occurrences.

All reasonable steps will be taken by the Organisers to protect the property of the exhibitors, but the safety of all such property, whether within the exhibition premises or otherwise, is at all times the responsibility of the exhibitor who shall keep the Organisers fully indemnified against any claim whatsoever, which may be made in respect of any loss or damage, however caused, to such property.

During the online application process applicants are required to tick a box to confirm that they accept the following liability disclaimer:

Liability and Insurance

- 1. I accept that the material is submitted entirely at my own risk and undertake to make my own arrangements with regard to the insurance of the entry whilst it is out of my possession. I confirm that all material in this entry is my bona fide property and that all information given is correct.*

For hand-back exhibitors should report again to the binroom. **Please note:**

- (1) Before an exhibit can be collected, the receipt must be produced.

Return of Exhibits by Post A Traceable delivery service will be used to return exhibits within the

UK. A £45 charge is payable in advance with frame fees on all exhibits to be returned by the Organisers by post within the UK. Where possible exhibits, certificates and awards not collected at the Awards Ceremony will be dispatched during the week following the close of the exhibition, provided postage has been prepaid.

Exhibits from outside the UK may be returned by mail or courier but only where prior arrangements have been made with the Organisers, with all costs being met by the exhibitor including both UK and home customs, and paid in advance.

Any special instructions regarding the return of exhibits will be charged for. The Organisers will not be liable for any such costs or consequential loss.

We are unable to accept or hand back exhibits on an “ad hoc” basis outside the arrangements outlined.

19. Certificates and Awards

All competitive exhibitors will receive a certificate recording the medal level and points they were awarded along with comments from the jury. Exhibitors awarded Large Vermeil, Gold or Large Gold for a five or eight frame or literature exhibit will receive a medal as well as a certificate. In keeping with international practice all one frame exhibits will be awarded a certificate only. Certificates and medals will be presented at the Awards Ceremony prior to the return of the exhibit.

D RULES FOR EVALUATION OF COMPETITIVE EXHIBITS

20. The Jury

The Jury, whose decisions are final, will consist of nationally accredited Judges. Should they decide that an exhibit has been wrongly classified, they have the discretion to transfer it to another more appropriate Class. The Jury’s comments will be passed to entrants. No correspondence will be entered into on the judging. Awards will be made subject to the minimum marks being achieved.

Any attempt by an exhibitor or other persons to influence Jury decisions will result in removal of the exhibit(s) concerned from the exhibition.

E FURTHER INFORMATION ON EXHIBITING

23. Qualification for FIP and FEPA Exhibitions

To be eligible to apply to show an exhibit of five frames at an FIP or FEPA exhibition, an exhibit must have been awarded at least 75 points and a Vermeil medal at a national exhibition in a recognised FIP Class within the 10 years previous to the application.

To qualify for eight frames at an FIP or FEPA exhibition, an exhibit must have received at least 85 points at five frames at a previous FIP or Continental Federation exhibition.

ABPS juries follow the guidance of the FIP in evaluating exhibits. The brief notes below on individual classes should be read in conjunction with the Special Regulations for the Evaluation of Exhibits in each class (SREVS) which can be found on the FIP website and on FIP Commission websites.

24. FIP Classes:

Traditional

Traditional philately can embrace all aspects of philately. It is based on the collecting of postage stamps and related items, including materials related to the production of postage stamps. It also includes Telegraph, Railway and Local stamps.

Postal History

This class includes studies of the development of postal services, including the evolution of rates and routes, postal markings and marcophily. It is not normally advisable to include unused adhesives or unused postal stationery.

Exhibits in the sub-class 2C, being Historical, Social and Special Studies exhibits which include material developed by commerce and society for use in the postal system, may include non-philatelic material where relevant to the subject of the exhibit. The non-philatelic material should be incorporated into the exhibit in a balanced and appropriate manner that does not overwhelm the philatelic material. Non-philatelic items must relate directly to the Postal History material.

Aerophilately

This class is based on studies of the development and operation of airmail services and the material prepared for these services, both official and unofficial. It can also include exhibits of airmail stamps and their usage.

Postal Stationery

This class is for exhibits of Postal Stationery. Exhibits can include proofs, essays and formula items where appropriate. Exhibits entirely comprising items without printed designations of face value or service are likely to be transferred to another class.

Revenue Philately

A Revenue exhibit comprises embossed, imprinted or adhesive tax, fee or credit stamps issued by or under the aegis of a Government Authority or other official body.

Thematic Philately

This class is for entries based on a theme or a subject which is developed to a logical plan by the use of the widest range of appropriate stamps and other philatelic material. Revenue stamps may be included where no other philatelic material will convey the intended message. However, such material should be used sparingly.

Open Philately

This class gives an exhibitor complete freedom to present an exhibit on any subject using up to 50% of non-philatelic items. The non-philatelic material must not be thicker than 5 mm so as to be able to fit into standard exhibition frames.

Literature [NB: This section is under review and will be updated as soon as possible].

This class contains a number of sections:

Handbooks Includes specialised works and studies that are not more than five years old at the date of the exhibition.

Catalogues Should have been published in the last three years, and may not be entered at less than five yearly intervals, unless a major revision of the contents has been made.

Periodicals Published by individual philatelists, Philatelic Societies or other organisations with a philatelic connection. Any exhibit in this section must have been published in the last three years, cover a period of at least one year and cannot be entered more frequently than once in three years.

Articles Published by individual philatelists, Philatelic Societies or other organisations with a philatelic connection within the three years preceding the closing date for applications.

Digital Media

Two copies of all entries in the Literature Class must be submitted. Unless specifically requested, they will not be returned to the exhibitor and one copy will be donated to the library of The Royal Philatelic Society London and the other to that of the National Philatelic Society.

In the case of periodicals, issues covering a full year should be submitted. Articles submitted should state the publication in which the article first appeared.

Literature exhibitors are asked to provide a scan of the front cover and a separate single A4 document with marketing details so that these can be mounted in a frame.

Handbooks and articles which have previously won an award at a UK exhibition will not be eligible for entry.

25. Non FIP Classes

Cinderella

Cinderellas include local stamps, telegraph stamps, railway stamps, revenues/fiscals, forgeries, bogus and phantom issues. Christmas, Red Cross, TB and other charity seals, registration labels, advertisement and exhibition labels etc. However, things such as trade, cigarette and telephone cards (unless the image of a stamp is incorporated in the design), matchbox or cheese labels, aerial propaganda leaflets, and other forms of ephemera are not considered as Cinderella items for this purpose.

Picture Postcard

The class is now offered at exhibitions in many parts of the world including the USA and there are FEPA regulations for the exhibiting of Picture Postcards which cover all of its affiliated federations in Europe, including Turkey, Israel and Egypt. The FEPA regulations are at <http://fepanews.com/news/picture%20postcard%20regulations>.

Ephemera

Ephemera has been defined as 'the minor transient, printed or handwritten documents of everyday life that were generally expected to be discarded'. It can cover almost any printed or handwritten material that is of suitable size and thin enough to be exhibited in the frames. Photographs can be included.

Following an experiment carried out at Spring Stampex 2018 the following guidelines have been adopted for exhibits of Ephemera:

- The definition of what constitutes ephemera will be as broad as possible. If the material fits in a frame, it can be used.
- It is not essential to include philatelic material in an ephemera exhibit. Any postal material included will play a supporting role.
- The judging criteria used will be the same as for Cinderella and other classes (Para 21 above) to ensure that sufficient weight is placed on the material shown as well as on treatment and knowledge displayed. Production of a synopsis for a competitive ephemera exhibit is strongly encouraged to give judges essential background. The main judging criteria will be applied to Ephemera exhibits are as follows:
- Treatment (20) - Effectiveness in dealing with the chosen topic. Is there a plan and is it followed clearly and concisely throughout the exhibit, e.g. through the use of running headings?
- Importance (10) – How significant is the subject (and the material) and how complete is the exhibit in illustrating it?
- Knowledge (20) - How much knowledge of the subject is the exhibitor showing, both in describing what is shown and in setting it in context? Is the material selected relevant to the development of the story, and does it demonstrate depth of knowledge?

- Research (15) - Does the exhibit describe original research. Are any new discoveries on show?
- Condition (10) - Is the material shown the best that is available?
- Rarity (20) - How easily could the material shown be replicated, and is information provided about this (especially important for non-philatelic material)?
- Presentation (5) – Does the manner in which the exhibit is presented show a good balance that displays the material to best advantage and enhances the telling of the story, thereby contributing to the overall appearance?

One Frame Exhibits

One frame exhibits can be entered in any class. They need to have an introductory page and the treatment should be as complete as possible in relation to the subject chosen. It is crucial to choose a subject that can be covered adequately in one frame. Simply extracting one frame from a multiple frame exhibit is unlikely to produce an optimal result.
